

SYCAMORE CANYON ACADEMY

Dedicated to improving the lives of youth, families and communities.

About Us

The Sycamore Canyon Academy Program

Located in a Sycamore-shaded canyon near Oracle, Arizona, Sycamore Canyon Academy offers at-risk young men aged 14-17 who have displayed delinquent behaviors, substance abuse and the residual effects of abuse or neglect evidence-based, trauma-informed care to help them turn their lives around. Through accredited education, vocational training, and extracurricular opportunities such as athletics and student clubs, Sycamore Canyon's normalized high school environment sets the tone for success.

Operated with over 35 years of experience

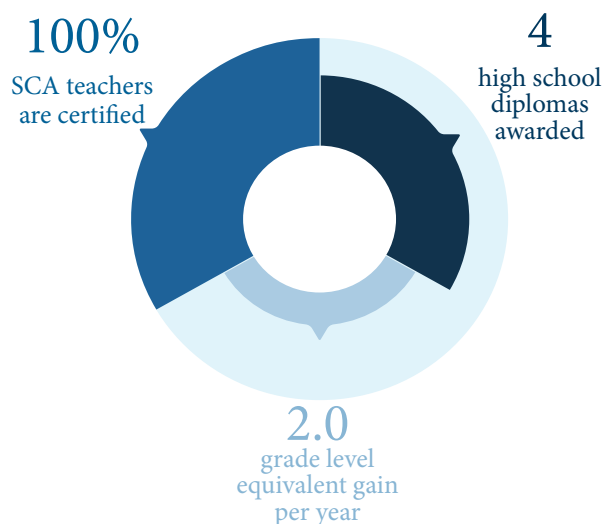

For over 35 years, Rite of Passage has incorporated best-practices, research and evidence-based methodologies to develop its Academic Model™ program: a strengths-based, trauma-informed paradigm that places youth at the forefront of their own personal growth, healing and recovery. It is this approach—offering at-risk youth a normalized, academic and therapeutic environment—that has allowed us to fulfill our mission of improving the lives of youth, families and communities.

Sycamore Canyon Academy

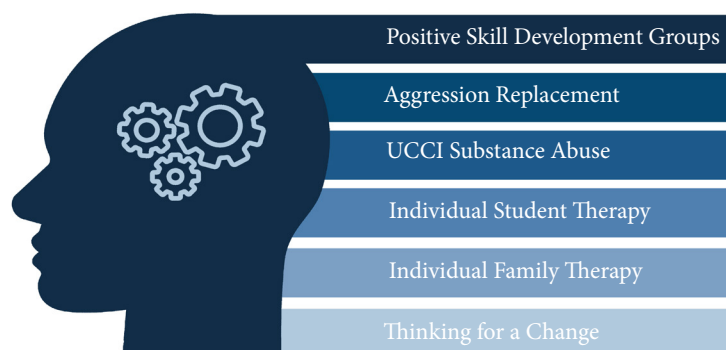

2017 Outcomes

In 2017, the young men at Sycamore Canyon Academy attended AdvancED accredited classes, participated in extracurricular activities and developed new skills through evidence-based interventions. These targeted services helped them to plan for a successful future and reunification with their families and home communities.

Positive Youth Development

Sycamore Canyon Academy offers youth opportunities to engage with their peers and community through sanctioned high school sports, community service and cultural/recreational activities. Through meaningful interactions with positive, adult role models, youth learn the skills they will need to lead successful lives. Every ROP program includes programming based on the principles of Positive Youth Development.

Programming designed to promote learning, growth and positive change

Safe Spaces

Our well-trained staff form positive, pro-social relationships with our students that fosters a supportive environment. Our approach is based on the tenets of Positive Youth Development where staff act as mentors and role models. Rich student to staff ratios encourage the development of positive thought patterns, habits and skill sets that will help our students lead successful lives.

Learning Environments

Sycamore Canyon Academy uses a student-centered philosophy to deliver a learning experience individualized to each of our students and their academic needs. Highly qualified teaching staff provide quality instruction in a classroom environment that fosters creative thinking, positive growth and academic excellence. Our students graduate with more than a diploma- they leave with the knowledge and skills they need to be successful.

Places for Therapeutic Conversation

Sycamore Canyon Academy provides each of our students with individual counseling, comprehensive case management services and group therapy based on their prescriptive treatment plan. Our treatment services include a variety of evidence-based curricula that provide our young men with targeted, cognitive-based interventions that address their specific risk factors.

Family Connection and Community Engagement

Family and community involvement promote pro-social skills and responsibility. Students receive unique opportunities to build relationships with their families and community members through meaningful philanthropy projects, partnerships with local organizations and educational field trips. Students learn, grow and make a positive impact while engaging with the community.
